Full Nighttime Closures on I-75 at Miramar Parkway

Bridge Construction Scheduled to begin on Monday, February 16

WESTON – The Florida Department of Transportation (FDOT) is scheduled to close all lanes along I-75 at Miramar Parkway to place beams for the new Miramar Parkway interchange bridge. In order to perform this work safely, traffic will be detoured during the following dates and times:

- All lanes of I-75 southbound north of Miramar Parkway will be closed from 11 p.m. to 6 a.m. on Monday, February 16 and Tuesday, February 17. Motorists will be detoured to take the exit ramp at Miramar Parkway West (Exit 7B), at the top of the ramp cross over Miramar Parkway, and re-enter I-75 southbound using the Miramar Parkway on-ramp. Please follow posted detour.
- All lanes of I-75 northbound south of Miramar Parkway will be closed from 11 p.m. to 6 a.m. on Wednesday, February 18 and Thursday, February 19. Motorists will be detoured to take the exit ramp at Miramar Parkway East (Exit 7A), at the top of the ramp cross over Miramar Parkway, and re-enter I-75 northbound using the Miramar Parkway on-ramp. Please follow posted detour.

Please note that this schedule may change due to inclement weather or other unexpected conditions.

This project is part of FDOT's implementation of Express Lanes along 28 miles of the State Road (SR) 826/Palmetto Expressway and the I-75 corridors, from just south of the SR 836/Dolphin Expressway, in Miami-Dade County, to I-595, in Broward County. This project will complete another section of the South Florida managed lanes network for all motorists and will improve mobility, relieve congestion, provide additional travel options, and accommodate future growth in the area.

For more information, please call FDOT's Public Information Office at (954) 777-4090, or the project Public Information Officer, Fiorella Alvarez, at (954) 548-2754 or visit the project website at www.75-express.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

Celebrating 100 Years of Innovation, Mobility and Economic Development
