

CONSTRUCTION UPDATE

On Monday, April 4, 2016 the contractor for the 75 Express project will begin construction activities in the FDOT right-of-way along the Lakes on the Green community, located on the east side of I-75 between Miami Gardens Drive and Florida's Turnpike.

Crews will begin removing unsuitable soils and filling the existing canal in order to create access in this area. After these activities are completed, crews will begin removing vegetation adjacent to I-75.

Once the area is cleared of vegetation, crews will begin excavating the area to install drainage pipes and structures. This work is anticipated to be completed in three months.

This work will only be performed within the hours of from 7:00 a.m. to 7:00 p.m., Monday through Friday. Expect some additional construction related noise in the area.

Additional updates will be sent to keep the community informed. For more information, please visit the website www.75-express.com. Please note that this schedule may change due to inclement weather or other unexpected conditions.
