

CONSTRUCTION UPDATE

As part of the 75 Express lanes project construction, a section of the existing ground mounted sound walls along I-75 southbound, adjacent to the Riviera Isles community was removed. The removal of these wall panels was necessary to begin construction of a new ramp in this area which will allow motorists to drive from southbound I-75 to northbound or southbound Florida's Turnpike. The new ramp will be constructed with a new shoulder mounted wall.

Please note that this schedule may change due to inclement weather or other unexpected conditions.
